Industry Track - Call For Papers

The 11th IEEE Conference on Commerce and Enterprise Computing (CEC’09) merges the two former annual conferences of the IEEE Computer Society Technical Committee on E-Commerce: the IEEE Conference on E-Commerce Technology (CEC) and the IEEE Conference on Enterprise Computing, E-Commerce, and E-Services (EEE) into a single, integrated conference.

The conference provides a platform for researchers and practitioners interested in theory and practice of technologies for E-Commerce and Enterprise Computing. The program of CEC’09 will consist of invited talks, research paper presentations, industry paper presentations and panel discussions.

We invite industry paper submissions on innovative applications and engineering solutions to one of the following topics in the context of e-Commerce and Enterprise Computing:

- Commerce and Business System Architectures
- Electronic Commerce Technologies
- Business Process Management
- Business Intelligence
- Business Services
- Semantic Web and Ontological Engineering
- Mobile Business Applications
- Security and Trust
- Human Computer Interaction
- Social Networks
- eGovernment

Industry Papers should meet the following conditions:

- At least one author of each industry track paper should be from a company (rather than from a university).
- The paper should report about industrial or other real-world applications.
- The paper should present novel solutions to problems in the area of e-Commerce and Enterprise Computing.
- Paper presentations may include a short demo of the system.
- Papers should not be marketing certain products. They must concentrate on the technologies behind the products.
- Papers should raise awareness in the research community of the problems of practical applications.

We encourage the submission of various types of industry papers:

- Full papers (8 pages)
- Demonstration papers (up to 4 pages)
- Position Papers (up to 4 pages)

PAPER SUBMISSIONS

Authors are invited to submit original, unpublished industry papers that are not being considered in another forum. Manuscripts will be limited to 8 (IEEE style) pages. Please follow the IEEE Computer Society Press Proceedings Author Guidelines to prepare your papers with 8.5” x 11”, two-column format. Authors may submit until 15 April either an extended abstract (2 pages) or the full paper. In case the paper is selected for IEEE CEC 2009 the authors have to prepare their final version of the paper until 15 May. At least one author is required to register for the conference and to present the paper. Electronic submission of manuscripts (in PDF) is required. All papers selected for this conference will be reviewed and will be published in the regular conference proceedings by the IEEE Computer Society Press.

Please send your submissions to cec-industry@ec.tuwien.ac.at mentioning “CEC Industry Track Submission” in the subject of your mail.
